

# NEWS & ANNOUNCEMENTS FROM HEART

July 2018

HEARTland Positive Dog Training Alliance

## Happy Birthday HEART!

This month marks our 5th year as an incorporated organization, and it seems appropriate to reflect upon what **HEART** is all about and why it was founded. **HEART**'s founders came together based on a philosophy of training animals in a manner that is positive, force free, and non-aversive using techniques based on science and grounded in ethics. We came together as an alliance of like-minded individuals comprised of dog trainers, allied pet professionals and dog enthusiasts to encourage each other and with a vision to increase awareness of the importance and benefits of force free positive training within our communities and hopefully well beyond.

## PLEASE UPDATE YOUR **HEART** INFORMATION

It is really important that e-mail addresses and phone numbers are current. Otherwise we may not be able to contact you. The system is now telling us that there are several members whose e-mails are no longer valid and so they are no longer receiving any communication. It is a good idea to check skim through your profile occasionally to see if there is missing or errant information.

It is easy to do. Just find your way to the **HEART** web page and then click on the "HEART MEMBERS" tab. Then select your name and you can edit your profile. Don't hesitate to call us if you have any issues that you are not able to resolve. We are pretty good problem solvers!
